## Peace and the Commemoration of War

The commemorations of World War I (100th anniversary of its start in 1914), World War II (75th anniversary of its start in 1939), and the Battle of Normandy (70th anniversary, 1944) are an opportunity for Friends' Meetings to engage Canadians in conversations on peace. Meetings or individual Canadian Friends who are planning events, historical research, articles, letters to local news outlets, etc. are encouraged to inform CFSC so that we may share the information more widely.

We will be posting information to a newly created page of our website: <http://www.quakerservice.ca/our-work/peace/commemoration-war/>

## State of the World's Youth

CFSC is a member of the Ontario Council for International Cooperation (OCIC). You may be interested in their yearly e-magazine, *iAM*. The newest issue focuses on the state of the world's youth, an area of particular interest when considering international issues ("problems without passports") given that the world's population is younger than it ever has been.

The magazine features an article by CFSC board member Rachel Urban Shipley titled, *Children of Prisoners: The Impact of Incarceration*, which is a focus of the work of the Quakers Fostering Justice program committee of CFSC. You can read *iAM* at: <http://content.yudu.com/A2to8h/iAMVol5/resources/index.htm?referrerUrl=>

## Will Canada ratify the Arms Trade Treaty?

Through CYM's membership in Project Ploughshares and other avenues Friends have been encouraging the creation of an international arms trade treaty for many years. Although the treaty just turned one year old, Canada has still not signed or ratified it. Read about Canada and the Arms Trade Treaty on Ploughshares' blog:

## Fully autonomous "killer robots"

It might sound like science fiction, but all indications are that research is underway to produce robotic

weapons that are fully autonomous. Canadian Friends Service Committee (Quakers) has signed on to the *Interfaith Declaration in Support of a Ban of Fully Autonomous Weapons*, while noting that we do not support any form of warfare or the development of any type of weapon, whether controlled by humans or operating autonomously. Read the *Interfaith Declaration* and our cover letter:
